Corporate Recovery

A two-day workshop for managers in a changing world

Training objectives

The purpose of this seminar is to:

- Communicate the concepts of Corporate Recovery (CR)
- Equip the participants with fundamental CR solution development skills
- Explain how to assess the best approach to CR solution design and implementation in different organizations

Training method

The training method involves:

- Description of the theory
- Reinforcement of the theory by case studies
- Involvement of the participants by techniques such as role play and games
- Reinforcement of the learning by techniques such as mini-quiz
- Resolution of queries by question-and-answer

Training content

The training covers topics such as:

- Corporate Recovery background
- How are sick companies to be managed
- What are the special conditions that must be created to transform sick companies to viable corporations
- What should be the philosophy of corporate recovery management
- How to deal with:
 - Protection of jobs
 - Vested interests
 - Recovery strategy options
- The importance of financial models
- Case Studies in various industries

Who should attend

The seminar is intended for Directors, CEOs, CFOs, senior management and audit staff
