The Balanced Scorecard

A two-day workshop for managers in a changing world

Training objectives

The purpose of this seminar is to:

- Communicate the concepts of The Balanced Scorecard (BSC)
- Equip the participants with fundamental BSC development skills
- Explain how to assess the best approach to BSC design and implementation in different organizations

Training method

The training method involves:

- Description of the theory
- Reinforcement of the theory by case studies
- Involvement of the participants by techniques such as role play and games
- Reinforcement of the learning by techniques such as mini-quiz
- Resolution of queries by question-and-answer

Training content

The training covers topics such as:

- The Planning Cycle
- Corporate Strategy development and communication
- Strategy maps
- Functional scorecards
- Business Process scorecards
- Business process workflow diagrams
- Team scorecards
- Cascading Scorecards
- Links between Strategy and Budgeting
- Individual scorecards and performance appraisals

Who should attend

The seminar is intended for supervisors, managers and senior executives
